MEET THE DIRECTORS

Mark Christensen is a senior and director of "The Internet is Distract - Oh Look! A Kitten!" and has been a part of CTC for four years. He's ecstatic to bring this last production to life and would love to thank his own directors for this opportunity and his cast for being the best cast. But he's not biased.

Nita Kulkarni is the writer and director of "Elevators." She is a senior and is honored that this is her final show on Casteel's stage. She would like to thank Mrs. Pitner and Mrs. Olson as well as her fellow directors, Mark Christensen and Amithy Vallone, for the hard work they all put into these productions. She is so proud of the actors in these one acts, and she cannot wait to see all the amazing things CTC does in the future!

Amithy Vallone is the director of To Date or Not To Date, she is a junior and is so thankful to be a part of this amazing program. Directing her peers has been a great new learning experience for her and has made her grow in her art very much. She would gladly like to thank Mrs. Pitner, Mrs. Clausen, and Mrs. Olson for being such great role models. She'd also like to thank her family for dealing with her crazy schedule. Lastly, she'd like to thank her cast for making this experience the best it could ever be!
