

School Safety Meeting
4-17-17

Site Council Members in Attendance:

Yvonne Colland
Jessica Simmons
Dani Fox
Lynn Weed
Monica Dalton
Carrie Cuilla

There were 19 parents in attendance. Seven letters were read aloud.

- A. Mrs. Colland (Site Council Chair) opened the meeting to share the process for addressing safety at KGA.
- B. Parents addressed the site council. Mrs. Colland and Mrs. Fox read the emails that were sent in prior to the meeting.
- C. The following is a summary of the main points that were documented in the meeting:

Parents expressed	Mrs. Weed's comments
Locking the campus down during the day, specifically the west gate with the possibility of a key pad, intercom system, or security cards with changeable codes.	Site Council will share concern with district superintendency and update the KGA community when a response has been issued.
A parent expressed concern that visitors should have to go through the office and the current layout does not support this process.	Site Council will share concern with district superintendency and update the KGA community when a response has been issued.
A parent expressed concern that younger children using the restroom have too long a walk and are not safe.	Kindergarten students use the restroom three times a day as a class or go with a buddy to the nurse's restroom.
A parent expressed concern that bathrooms are not locked during lockdowns.	CUSD protocols do not allow school restrooms to be locked.
A parent suggested closed circuit tv's on campus.	We currently have security cameras throughout the campus.

<p>A parent suggested that volunteers be better vetted, and that volunteers give up their car keys when on campus.</p>	<p>District policy is such that volunteers are never left alone with students unless they have a Tier III Clearance. The Site Council will discuss keeping keys.</p>
<p>A parent expressed concern about lack of supervision during quiet start and wants supervision on the playground to be spread out.</p>	<p>The specials teachers supervise quiet start throughout the campus. Mrs. Weed is looking into bringing back the 5th and 6th grade safety patrol. There are at least three teachers on duty at the west parking lot and two at the bus gates.</p>
<p>A parent is concerned that current fencing allows outsiders to see in and expressed concern about the neighborhood.</p>	<p>We have a safety officer who patrols our campus daily and currently there have been no breaches of safety on our campus.</p>

Site Council did determine that we would share concerns with the district superintendency regarding the ability to lock the campus down during the day. Site Council will update the KGA community when a response has been issued. They would also like to thank everyone for their time and input.
