ONLINE/DISTANCE LEARNING COURSE STRUCTURE:

Distance learning is a learning experience that is enhanced through utilizing computers and/or the internet. The instruction and participation will take place in an online environment. During these unprecedented times while learning is being conducted online, this class will be using a few modes of instruction. All instructional content, assignments, and assessments will be posted to Google Classroom. At designated times throughout the year, you will participate in a blend of self-paced and group-paced activities using Google Classroom and/or alternative Internet-based technologies. An important tool within Google Classroom that we will be using is Google Meet. Google Meet is a video conferencing application that allows us to virtually meet for discussion as well as Q/A sessions. If at any time you have any problems accessing these tools, please contact me immediately.

NETIQUETTE:

In an online classroom, our primary means of communication is written. The written language has many advantages: more opportunity for reasoned thought, more ability to go in-depth, and more time to think through an issue before posting a comment. However, written communication also has certain disadvantages, such a lack of the face-to-face signaling that occurs through body language, intonation, pausing, facial expressions, and gestures. As a result, please be aware of the possibility of miscommunication and compose your comments in a positive, supportive, and constructive manner.

COURSE DESCRIPTION:

Honors English 7 engages students in a high level of language arts study. In addition to further enhancing the students' grammar skills and vocabulary, the focus of the class is to refine reading, writing, speaking, listening, and critical skills through the exploration of literature. Students will read, reflect on, and analyze a variety of pieces, both fiction and non-fiction. The goal for Honors is to prepare students for the rigor of Honors in High School as well as AP Courses.

HOMEWORK:

Homework may be assigned daily and is due at the beginning of each class period. Most homework assignments include reading from novels, drafting/publishing writing assignments, and studying for tests. Homework assignments are seen as an expectation per ACP policy. Please check with your student and Infinite Campus regarding missing assignments.

LATE/MISSING ASSIGNMENTS:

- All work is due at the beginning of the period of the assigned day. If the student is not prepared at that time but finishes the assignment later in the period or that day, the assignment is considered late.
- Late work may be turned in within 24 hours of the due date; however, an assignment that is turned in late will receive 20% off.
- If assigned work is not turned in or turned in after the 24 hour grace period, the student has one week from the original due date to turn in the assignment for 50% off.
- If the assigned work is not turned in after the one week grace period, the grade for the assignment will be recorded as a "zero".

WRITING ASSIGNMENTS:

All major writing assignments are to be typed and uploaded to turnitin.com by 7:52 AM the day they are due.

MAKE UP WORK:

It is the **student's responsibility** to collect missed work upon his/her return to school.
