

Chandler Unified School District

Health Protocol

Parent/Guardian:

To help you make decisions about whether your child should attend school, we have put together a list of guidelines. Your child must not be in school and will be sent home if the following condition(s) are present:

1. Fever of 101° or higher. A child must be fever-free for 24 hours (without fever-reducing medication) before returning to school.
2. Persistent cough.
3. Sore throat with fever and/or white spots on the throat. If strep throat is diagnosed, the child must be on medication and fever-free for 24 hours (without fever-reducing medication) before returning to school.
4. Rash with fever and/or signs of illness or behavioral changes. (i.e. chicken pox, measles, etc.)
5. Skin sores on an exposed surface that are weeping fluid and cannot be covered.
6. Vomiting- 2 or more times in 24 hours. A child must be free of symptoms for 24 hours before returning to school.
7. Diarrhea – 2 or more loose/watery stools in a 24 hour period. A child must be free of symptoms for 24 hours before returning to school.
8. Red, itchy, and purulent draining eyes. If conjunctivitis or “pink eye” is diagnosed, the child must be on medication for 24 hours before returning to school.
9. Prolonged and/or persistent headache or stomachache that does not resolve.
10. Swelling or pain at a level that may interfere with learning.
11. Earache with severe discomfort and/or fever.
12. Toothache with facial swelling and/or fever.
13. Active (live) Head Lice. A child must remain at home until treatment with pediculicide. A child may return to school if there are no live lice present. Please notify the Health Office.

Please keep this sheet in a convenient place for future reference. Feel free to contact the school health office with any questions. Thank you.
