Activstars Outreach (<https://az.activstars.com/>)

Cheerleading: Cheers, Chants, Jumps, and Stunting Pom Dance Routines, Fun Team Building Clinics, Showcases and Competitions-Up to Nationals Experienced Highly Qualified Coaches. **Karate/Martial Arts:** Essential Life Skills-Respect and Discipline Self Defense, Abduction Prevention, and Anti-Bullying Clinics, Camps, Tournaments - Up to Nationals Advancement through Black Belt with Certified Black Belt Instructors. **Soccer:** Positive Team Environment, Fun Lessons, Games, Tournaments & Challenges.

Arizona Tennis Assoc. (ATA) (Elementary - High School) (www.arizonatennis.org)

Tennis Instructional Program: Tennis lessons for elementary through high school; beginners and advanced classes.

Athletes in Training (AIT) (www.athletesintraining.com)

AIT sports offers team sports on campus all year long. Join us for soccer, flag football, basketball, lacrosse and water games each year. Practices are held right after school and a district tournament is offered at the end of each sports season. Let's Play!

Bricks 4 Kidz

Lego Engineering: While exploring engineering, architecture, and physics, students will design and build motorized machines, catapults, race cars, and satellites out of LEGO® bricks, gears and axles all while developing problem solving and critical thinking skills. *(Each session has a new theme and models)*

Challenge Island Chandler: At Challenge Island® we believe that inspiring kids to be Curious and Inquisitive, while gearing them with Global Perspective and 21st Century Skills, prepares them to thrive in today's complex, interconnected world. We are committed to helping students develop a Growth Mindset and Courage to Take Risks and Make Mistakes. Every semester our Challenge Island® Afterschool Adventures take place on a unique Thematic Island where students visit different destinations each week. **Dazzling Decades:** Get ready for some groovy time-traveling fun! You and a tribe of friends will take a STEAMtastic journey to a different decade every week while you learn about what it was like to be a kid in the 50's, 60's, 70's, 80's, and 90's! You'll engineer your way around the clock at different dazzling destinations like Soda Shop Springs (1954), Pop Art Towers (1964), Pet Rock Treehouse (1975) and Super STEAMio Jump (1985). This iconic island is sure to be one for the history books! Challenge Island is the World's #1 STEAM Program. Check out our STEAM Book Series in stores everywhere!

Chess Emporium

Students will learn beginner to intermediate chess concepts and practice over the board against classmates.

Dance Sequins: Dance Fusion: Fusing Hip Hop and Jazz with your favorite Pop songs! Learning upbeat dances to warm up, dance along, and perform. Performs a dance routine the last day of class!! **Tots Combo-** Combining Ballet, Tap and Jazz into one class! The class consist of fun follow along dances to their favorite songs, learning dance routines and playing dance games. This class will help to build confidence, socialization, creativity, memorization, and flexibility.

Piano/Keyboard: A comprehensive piano course that uses favorite songs along with fun theory activities to teach all the keyboard "elements" like Counting, Note Reading, Rhythm and much more. Portable piano lab set up at school. Recital on the last day.

InMotion Arizona: KID'S YOGA - Improves concentration, focus, and awareness by teaching students the fundamental connection between body and mind. Students are taught conscience relaxation techniques while in a highly interactive and engaging setting. **CHEERLEADING:** Class combines cheer skills and dance in a fun and active class. Students will learn sideline cheers and dance routines while improving balance, flexibility and coordination! **POP DANCE:** Is a high-energy class that develops dance technique and builds self-confidence. This upbeat and interactive class will help students connect and have some fun dancing to their favorite pop songs!

Junior Golf

Golf Instruction: Fast-paced, fun classes with teach students proper techniques on the four strokes used in golf: swing, pitching, chipping and putting.

Mulan - In China there is a legend of a great soldier who saved the emperor and who saved all of China from the monstrous Hun army. This soldier was a girl named Mulan. She was never very good at her traditional "girl" responsibilities, and no matter what she tried she always ended up dishonoring her family. Until one day the army came for her aging father and Mulan took his place, breaking the law and pretending to be a boy so she could serve instead of him to protect his life. With the help of a lucky cricket, a wise-cracking dragon and a rag tag group of soldiers, Mulan defies tradition, brings honor to her family, and becomes the hero of China! This hilarious adaptation has fantastic roles for boys and girls! **Beauty and the Beast** - Would you be able to find beauty...in a Beast? Belle meets the Beast, a seemingly intimidating monster. She goes missing and the townsfolk are in a panic to find her and are led by the conceited and hilarious Gaston and dim-witted sidekick, Le Fou. Follow their magical journey to friendship as Belle realizes that what truly matters is the beauty you possess inside. This hilarious adaptation has fantastic roles for boys and girls!

Mad Science: After-school programs are full of exciting demonstrations, hands-on activities and engaging discussion. Kids get the chance to explore diverse scientific concepts for themselves, from magnetism to insects to chemical reactions in the kitchen.

Nerding LLC: Wizard Science: It's not magic... IT'S SCIENCE! Experiment with chemical reactions, static electricity, and acids and bases in Potions. Defense Against the Dark Arts (AKA safety) will be practiced at all times! PLUS you get to dress up in wizard robes (yes, we have a class set of robes...) and make a light up wand! **Escape: Lost Cities** : "Unlock" the secrets to ancient civilizations and lost cities! Learn about faraway and ancient lands and use that knowledge to crack codes, solve puzzles, and find keys! There are new locations to explore and "escape" from each day. Bring your adventurous spirit and problem-solving mind! This class is inspired by the "Escape Room" concept, but no one gets locked in a room. Instead, we are trying to use our clues to break into our boxes with all kinds of different, crazy locks!

Planting Seeds Tutoring: Intro to American Sign Language (ASL) (Grades 3rd-6th): This course creates a visual-gestural environment that introduces ASL grammar and vocabulary without presenting English equivalents. The course includes interactive activities, cultural awareness education, and individual feedback. **Cub Coders:** (Grades 3rd-6th): We teach coding through exclusive themes (such as Animals, Sport and Magic) that engage children's imagination and make coding even more fun. Younger coders will learn with block-based platforms, such as Scratch or CoSpaces, while older students will code with text-based languages, such as Javascript and Python. *Students will need a laptop for this class!* **French Class:** (Grades 3rd-6th) This class is perfect for kids that want to learn about the most elegant language in the world! Students will learn the basics of the French language through fun activities, games, and songs. Students will learn the diphthongs, alphabet, numbers, greetings, basic phrases and basic vocabulary! French culture is one of the most famous in the world, so, students will be able to take a tour through the different districts of France! **Improv:** This course is designed to be a creative outlet for students. It will be largely improv and therefore basic ground rules regarding appropriateness and proper conduct will be set on day one, but students will be left with ample room for creative expression. Instructor and students will engage in improvisational sketches that we as a group design during the first session. Students will be given a list of suggestions, but the aim of the instructor is to guide students through the process of selecting their own material. **Financial Literacy: (JH & HS):** Using project-based instruction

and real-world situations this course will give students the knowledge and general understanding of all key aspects of personal finances necessary to be successful now and throughout their adult lives. The structure of this class will reflect real-world situations as closely as possible. **SAT & ACT Prep:** (HS): Our test prep course is a comprehensive course that provides thorough preparation for all areas of the exam. It covers content reviews to promote content mastery and teaches students the most dynamic and updated strategy and methods available. We have completely deconstructed each test and our students learn to think like the test makers. Students build their skills each week and increase their confidence level over the span of the course. Our course requires students to work hard and exhibit effort and dedication to their studies.

STEM FUNDamentals with LEGO® Materials Level up your engineering skills with Play-Well TEKnologies and tens of thousands of LEGO® parts! Apply real-world concepts in physics, engineering, and architecture through engineer-designed projects. Projects are rotated seasonally to ensure that even returning students get a new experience, so join us to design and build as never before and explore your craziest ideas. **Minecraft Engineering using LEGO® Materials** Venture into the world of Minecraft in our unique LEGO® experience. Get ready to build your base, craft your tools, use your Minecart to harvest raw resources, and battle to stop the Ender Dragon from ending the world. Come explore the endless possibilities of LEGO® with a trained Play-Well instructor.

PrimeTime Athletics dba East Valley Flag Football ([PrimetimeAthletics Registration](#)) is an NFL approved flag football league. Our focus is to teach the athletes more than just football. It's our goal to develop life skills that will provide athletes with the basic tools for success throughout their lives. The athletes will learn teamwork, perseverance, loyalty, sportsmanship, and hard work to name a few.

Reach Basketball After-school basketball-Participants learn the fundamentals of shooting, dribbling, passing and teamwork while having fun, getting some exercise and playing with friends!

Reach Training Academy: Our unique year-round program is designed to help student-athletes achieve their goals in becoming a better basketball player, dramatically improving your basketball IQ while increasing your speed, strength, and quickness. We focus on skill development through drills and real game situations, giving the athletes all the tools, they will need to get ready for the next level.

Science Matters: Bristle Bots: Mix science and imagination to design and build your very own motorized moving Bristle Bot. Discover your inner artist and make a robot that draws. Join us to explore the science of circuits, electromagnetism and motion. Prepare your Bots for drag racing and wrestling. Finally, put all your knowledge to the test to engineer the perfect Robot Critter to take home. **Machine Madness:** Build a catapult, create art with a spirograph, and invent your own air-powered car as we learn the laws of motion. Spring into action with this club! From skateboards to Merry-Go-Rounds, we'll learn how to harness the natural forces that make machines tick. So much physics fun it will make your head spin. **Goosebumps:** Turn the human body inside out in this behind the scenes science exploration. Dig your way into the blood and guts of the human body by building your own model bone, making blood slime, exploring dry ice, heightening your senses, and much more. Get your skin ready for Goose Bump Fun in this journey through the wild human body.

Soccer Shots: Soccer: Is a physical is nationally recognized program that offers a high energy, fun, age-appropriate introduction to the great game of soccer. Our curriculum emphasizes both soccer skills and character development.

TGA Sports- Tennis program is perfect for beginners and experienced players to build skills and have a blast learning about the game in a safe and supportive environment. **Golf**-TGA makes it convenient and fun for your child to learn and play golf right on their school campus! Our curriculum was specially designed by industry-leading golf professionals and education specialists to ensure that the lesson plans are age-appropriate and easy to understand and retain. Students will experience a mix of golf instruction, rules and etiquette lessons, educational components, character development lessons and physical activity

Uno...Dos...Tres

Spanish For Kids

Give your child a head start in Spanish! Our program will provide your child with the essential beginnings of Spanish. Children will learn everyday vocabulary, reading, writing, and basic conversation through fun and songs, interactive games and activities. Each class is taught by a qualified instructor who is committed to making Spanish fun and exciting for your child! 12 weeks of Spanish for grades 1-6. New material introduced each session!

Under the Lights Flag Football: Under the Lights is the exclusive youth flag football partner of Under Armour, Inc. The league is for both boys and girls of all skill levels and promotes a competitive, confidence-building, non-contact football experience. Games are played on Friday nights at Tumbleweed Park in Chandler. Fall season runs September - November for grades K-8th.

Young Rembrandts

Drawing & Cartoon: Students will learn techniques using color pencil, marker and Sharpie. They will also learn cartooning techniques that will transform inanimate objects into fully realized characters. All materials included.

Zenned Yoga: Provides fun after-school programs that allow children to express themselves, build relationships with peers, and develop life skills. Classes consist of yoga stories, games, posing sequences, worksheets, and breathing exercises that provide the physical and mental benefits of yoga to children. Children will experience increased concentration, confidence, and flexibility.

All classes are non-refundable. For extenuating circumstances processing and attendance fees apply.
