"Dedicated to Excellence"

Franklin R. Narducci, Superintendent

March 7, 2025

Dear Parents/Guardians:

Due to a significant decline in our childcare enrollments along with increased expenditure costs of infant care, it has become necessary for CUSD Community Education to plan for the closure of the *Infant rooms* within our three Lil' Explorers locations. The locations affected are Navarrete Elementary, Chandler & Perry High Schools. This *closure of licensed childcare services will be effective July 2, 2025*.

We are striving to minimize disruption to families by providing as much notice as possible. Lil' Explorers will continue to provide Infant childcare services at all three locations through the end of the current school year (May 22nd). In addition, Summer 2025 Intersession Camp at Perry High School will provide childcare for Infants (May 27th through July 2nd).

Thank you to all parents and staff for your understanding and support as we navigate this transition together. We understand you may have questions. Feel free to reach out to me directly at your convenience.

Scott VanDerMillen
Director of Community Education
