

6th Grade Homework Policy

It is the expectation of the sixth grade teachers that all students complete their assigned homework every night. The assigned homework is meant to reinforce skills taught throughout the year. If a student does not complete their homework assignment(s) they will be required to stay in during lunch recess to complete the work. Grades may be affected by not doing homework on time as well as possibly not being able to participate in the end of the quarter celebration. Parents will be notified if homework completion becomes an issue.
