Dear parents,

We are off to a great start at ACP-Oakland. We have several events coming up in the next few weeks which will be instrumental in having a successful year.

On Thursday, July 24th from 6:00-8:30 is our Open House. Your student should have received a hand out in which they filled out their schedule including a map. This handout was passed out in your students first hour. It is also included in this email. This is an opportunity for you to hear from your son/daughters teachers about the curriculum that they will be taught in the 2014/2015 school year. We will start at 6:00 in your student’s first hour class with a video announcement. Each teacher will have roughly 20 minutes to review their curriculum, before you rotate to the next period.

On Saturday, July 26th from 6:00-8:00 the ACP-Oakland boosters will be hosting a back to school swim party at the Arrowhead community pool at 1475 W. Erie Street. There will be raffle prizes available. The Boosters will be handing our raffle tickets for students who bring school supplies. The booster club will be donating these supplies to our neighborhood school.

On Wednesday, July 30th staring at 6:00 ACP –Oakland will be hosting a transition meeting for parents new to ACP. We will cover many of the important educational strategies that ACP uses across our curriculums to ensure academic success.

Teachers will be sending weekly email blasts through the Infinite Campus system. If you do not receive them, please contact the front office so that they can confirm the email inside of our system.

If you have a student that rides a bus to and from ACP, and you get picked up or dropped off at a school in CUSD. Please follow the procedures that our host schools have in place to ensure that all students are able to safely use the bus.

Last, nothing is more important than the safety of our students at ACP. We ask that if you are picking up your student at ACP-Oakland that you please utilize our parent pick up. While it might be easy to park across the street and have your students run across to meet you. It does create a safety concern. The parent pick up is the safest way to ensure the safety of our students.

Remember that we always strive for the impossible, and are always extraordinary.

Jayson Phillips
ACP-Oakland Principal
