**Rainbow Write**
First, write the words in pencil. Then trace over them in two different colors.

**Silly Sentences**
Write silly sentences using a spelling word in each sentence. Underline the spelling words and write neatly!

**Hidden Words**
Draw and color a picture. Hide your spelling words inside the picture. See if someone can find your hidden words!

**Backwards Words**
Write your spelling words forwards and then backwards! Remember to write neatly!

**Waterfall Words**
Example:
- ca
- cat
- catch

**Adding My Words**
Vowels are 10 and consonants are 5. Write your words and then add the value of each word. Ex: cat 5+10+5=20

**Riddle Me**
Write a riddle for each of your words. Don’t forget to answer them. Ex: I am cute. I wear diapers. Answer: baby

**Story, Story**
Write a story using ALL of your spelling words. Be sure to underline your spelling words in the paragraph.

**Fancy Words**
Write your words using fancy letters 2x! Example: catch

**Rhyming Words**
Write each of your spelling words with a rhyming word next to them. Ex: cut - shut

**Code Words**
Come up with a code for each letter of the alphabet. Then write your words in code. Ex:
- A = ¥
- B = ■
- C = ☘
Write out the word.

**UPPER and Lower**
Write your words one time with all uppercase letters and one time with all lowercase letters.

**Colorful Words**
Write each of your spelling words. Write each letter using a different color. Ex: cat

**Choo Choo Words**
Write the entire list end-to-end as one long word. Write each new word in a different color. Ex: trainbackstop
WHY DO WE CELEBRATE EARTH DAY?

Earth Day is celebrated on April 22. Earth Day is a very special day designed for all of us to think about earth and protecting it. This day reminds us to stop and look at the problems of our environment, and to think about what we can do to prevent more problems. It is not only a special day in the town where we live, but a day that the whole world participates in!

WHY IS THE EARTH IN DANGER?

There are several reasons why the earth is in danger, but most experts agree that the most serious problems affecting Earth are pollution and loss of resources. Pollution causes damage to air, soil, and water. This affects all life on Earth. Pollution is caused by industries. For example, water pollution is caused by run-off from factories. Pollution is also caused by individuals. For example, automobiles release chemicals into the air that make it difficult for humans, animals, and plants to breathe. Taking steps to prevent or limit pollution in our own lives and throughout the world is probably one of the most important things we can do to maintain life on Earth. We lose resources when we use them carelessly. We need to reduce the amount of things we use and the amount of things we throw away. We need to fix things and re-use them, rather than throwing them out. We need to recycle materials that are recyclable, by separating out plastic, bottles, and recyclable paper from other garbage. These are things that everyone can do.

WHAT CAN WE DO TO HELP SAVE THE EARTH?

Being aware of the problems of our environment is very important. Taking steps to prevent those problems is even more important. We can follow the rules of “reduce, reuse, recycle” daily. As families, we can try to use materials that are environmentally friendly and to limit our dependence on materials that cause pollution and resource loss. As students, we can work in teams to educate ourselves and others.
TRUE or FALSE?

1. Earth Day is celebrated on April 26th. ____________

2. Earth Day is celebrated all over the world. ____________

3. Most experts agree that pollution is not a serious problem. ____________

4. Pollution caused damage to air, soil, and water. ____________

5. We lose resources when we use them carelessly. ____________

6. Plastic, bottles, and paper can be recycled. ____________

7. Only some people can recycle. ____________

8. We should “reduce, reuse, review”. ____________

9. Education is an important part of Earth Day. ____________

10. The author’s purpose of this article was to inform the reader. ____________
MATH

Make sure you do Reflex Math at least 1 time per week!
Your goal is to get to the green light

Find each sum or difference.
