

Kids Express- Student Discipline Policy

Student Discipline

Chandler Unified School District is dedicated to providing a safe environment where students can develop self-control through positive guidance techniques.

Each department implements a systematic approach to discipline unique to its own environment and student needs. Parents are viewed as partners in the educational process and therefore their support and involvement is essential.

Arizona State Laws Relative to Discipline

1. Pupils shall comply with the regulations, pursue the required course of study and submit to the authority of the teachers and the Governing Board.(A.R.S. §15-841A)
2. Continued open defiance of authority, habitual profanity, vulgarity or excessive absenteeism will constitute good causes for expulsion. (A.R.S. §15-341B)
3. Parents or guardians of minors who have injured school property shall be liable for all damages caused by their children or wards. (A.R.S. §15-842B)

Suspensions

In the event that a student's behavior poses a clear and immediate danger to self and/or others, Kids Express may suspend a student for up to 10 days. An attempt will be made to contact the student's parent/legal guardian. A letter regarding the action of the school district will be sent if other contact cannot be made.

Suspensions exceeding 10 days are subject to the approval of Community Education Director. The student and parent or guardian will be notified of the district's due process procedure.

Threats

Our program is committed to providing a safe environment for all students. Please talk with your children about the seriousness of making threats to other students or staff and understand that we must take threats seriously. If a student threatens to harm another student or staff member, we must assume that the student intends to act on the threat.

"School districts or charter schools must expel from school for at least one year a student who is determined to have threatened an educational institution. An expulsion requirement may be modified on a case by case basis if the pupil participates in mediation, community service, restitution or other programs in which the pupil takes responsibility for the results of the threat or may reassign a pupil to an alternative education program and may require the pupil's parent or guardian to participate in mediation, community service, restitution or other programs in which the parent or guardian takes responsibility with the pupil for the threat." A. R. S. §15-841

Due to the requirements of Arizona State Statutes (A.R.S. §13-3620) schools and school employees are required to report criminal activity to local law enforcement and report incidences of child abuse, neglect, and crimes against children to local law enforcement and the Department of Child Safety. **Recent changes in the law require schools to report threats, or rumors of threats, against schools, students, and school personnel.** Schools must also report all incidents of non-accidental injury, which might occur during altercations before or after school.

Vandalism and Liability

People who damage school property will be held liable for those damages, according to state law. In the case of minor children, their parents are liable. We ask you to help us by teaching your child to respect public property.

Weapons on Campus

The Governing board's policy regarding weapons on campus, states that "students using, displaying or knowingly carrying, or possessing any dangerous instrument or an item they represent as a dangerous instrument shall be suspended from school and may be recommend for expulsion." It is important to note that this policy includes weapons on campus after hours and/or on weekends and may also apply to simulated weapons.

Kids Express leadership reserves the right to automatically withdrawal any student at any time if behaviors jeopardize the overall safety and/or quality of the program.
