It's final's time! Determining what subject to study for and where to best spend your time can be a challenging task for students. Below is a link that can help students understand how the finals will affect their overall semester grade.

Just a reminder that students need to have a **charged district issued laptop** in order to take the finals on our lockdown browser. Please help us and make sure that your child charges their laptop tonight.

In the past, students were not allowed to bring backpacks on finals days. Because we are doing finals on the computer, they will be allowed to bring a backpack to carry their laptop.

Finally, we will not be calling into classrooms during finals to check students out. We want to make sure that students have a quiet testing environment to take their tests. It would help us if you please do not check students out early, as it could cause a disruption to the testing environment. I have included the bell schedule for finals in this Round Up.

IMPORTANT!!! You are invited to participate in our upcoming FAFSA Open Lab Night! We have several slots available in 20-minute time increments. You are welcome to attend and receive help with your FAFSA Application. Please select one appointment time slot per student to reserve your spot!
